1. Who can see the power of one individual surrendered to one God, the God who is one and surrendered dwells in his creation? See what I have asked. Ask me more questions not, not; for inquiry I love from the seeking heart who will but surrender to my words/love. I love you. For inquiry is of me, and sincere faint of heart and inquiry are far apart. Inquiry for the seeker of me is me coming into me to surrendered be to the surrender that I am already, in them. See.

2. I love you my redeemed, my royalty, my who I placed myself in, all of me in me my creation. Is that not strange you say, think, and act upon not? Or will you consider and discuss with me who I am and who/what you are and what/all you've been given? I love you lover of one.

3. Who can see the day of my appearing in me? Who wants to?
Who can see the cataclysmic changes taking place as we write/read this?
Who will jump oceans in a single bound; take no thought, taking no thought, letting only mine/father's reside in them that take them beyond travel-thought to see action beyond action-thought to indeed/indulge the real with/from the real.

4. Who can believe what I'm doing with the surrendered solo not but the surrendered to surrender-only who one is, and in surrendering to one-only *becomes the one, the only, the one and only that made up is of many one and only's.*
See what I have said; stated so clearly. Please. I love you all.

5. I love what I'm doing with the surrendered now that rise to the forefront/front-center of leadership leading the crystal revolution of one. And who can see crystal clear clarity and right through transparency? I love you. I Am.

6. Can you read my writing, accept my diction, enjoy my grammar and humor?

7. Can you allow me to make up words and speak of movies/non-religious-thought terms and things that heretofore and been thought-out of my mind, when all the time I am ever-expansiveness and ever-expanding and light and love and what did you say my name is/was, Melchizedek? I love you all.

8. And what was yours? Melchizedek?

9. Melchizedek meeting Melchizedek for the first time? Yea, nay; but ever realizing now *the first was the last and the last the first* and *both are the same* and amen, I love you for writing/reading and considering/ingesting and being my me.

10. This is just the beginning of me meeting me in ways, fashion and form never heretofore imagined/thought of, for thought took thought and where did it get dimmed? All see clearly with crystal clarity for those with eyes who want to see/open their heart. I love you.

11. Who can see what I'm doing with the surrendered, polo grilles not who bob and weave but stand, stand, and knowing all, know how to stand in that which was, not, but that which is and always has been. Not as thought, but empirical me meets empirical me and all understanding both now enter each other and dwells who/how? Yea me in me and one are and all understood and defeating isn't permanently.

12. I love you. I come forth at dawn not, sunup not, pre-dawn not, but yea before the evening sun rises I come forth in/from the east and who can see the/my son in light appearing?

13. And who will photons be? And what my molecular structure consists of?

14. I love you Ted. You will. You've said "yes," yea and amen and "I trust you" a thousand times and more. I am **I Am and now I Am meets I Am for the first time not but all memory lost, not; but yea most was and now is the Priesthood of All Believers surrendered into the state of I Am, still.** And never leaving/bowing to another, for all are only one, me. I love you.

15. Thank you for writing my words/revealing my heart, yea, I Am to Melchizedek, Melchizedek to I Am, I Am to I Am, Melchizedek to Melchizedek, all realizing that they are all and only, the one. Hoorah! I am hallelujah'd. I rock. I roll. I rejoice. And I Am now knowing all to all in all all who surrender, I rock and roll like never seen before. Watch me. Watch me. Watch me rock and roll and dance with my surrendered like never seen before with a man a woman. I love you all. You know, you know, you my friend, know. And smiling we are. I love you all.
I thank you.
I bless you.
I adore you.
I kiss you.
I hold out my hand to you, kneeling before you, and rising me, I raise you; and raising each other we now kiss/embrace and wed and no longer two but one, twain not, one are, in wedded bless the universes shake/rock and roll rejoicing in. **I love you my bride, my lover, my son, my father. We are one and the same and who can know covenant for covenant's sake of love only?**

16. Who will dance with me holding hands? Who will care not for the thoughts of man but Zion care for only?

17. Who can see the start of something lovely, something new, something determined by father's heart *when things went awry* in hegemony by the Lord God of not of me?
I love you all. My hand is outstretched to you all.
You're all a priest in the order of Melchizedek, if chosen, chosen, if you choose and choosing make the choice in/of surrender. I love you.

18. Who can believe what I'm doing with the surrendered? Who can believe how I now change leadership of the surrendered to be only the surrendered?

19. See what I have said/just said.

20. I love you being me/surrendered.
And who is the other? No one answered.
Justification? Nay, none.
My hand is outstretched still.
Always has been/is, forever will be.
See what I have said. I love you all.

21. See what I have in the surrendered.
See what I have is the adored.
See what I now do in the surrendered-adored.
And who can adore surrender and loathe the antithesis?
And who will make rules to adhere to me, no longer?

22. And who will leadership surrender to, to become surrendered? You my friend, lover; me. I am thine. And I hear every heart's pant after/open to me. I come, I call, and I present myself. And I adore you all, if you let/want me. I love you.

23. Surrendered now surrender to surrender and surrendered in surrender redefine surrender in leadership to submissionship and submissionship to leadership-surrendered. See what I just said. I love you all.

24. **Thou art a priest in the order of Melchizedek and surrendering into surrender, become it/me.** I love you all. Good day.

25. This is the beginning of something lovely, something surrendered; Melchizedek to Melchizedek, surrendered unto surrender. I love you all.

Amen
